

Field Intensity Measurement on the Road by Mobile Signal Analyzer

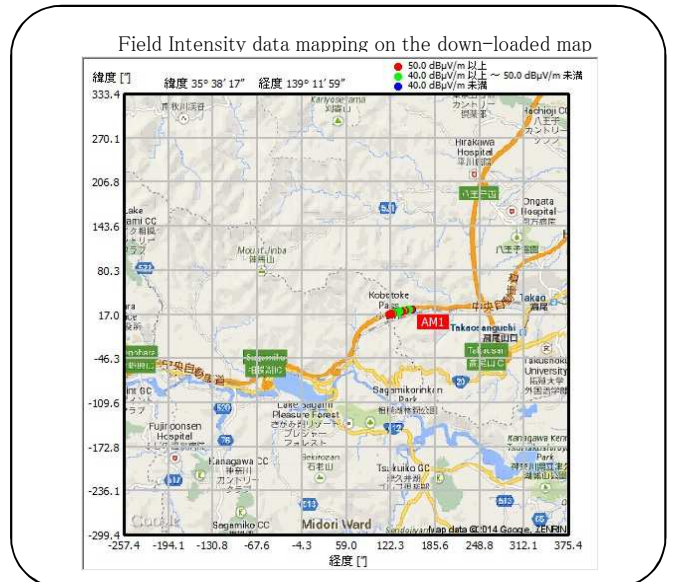

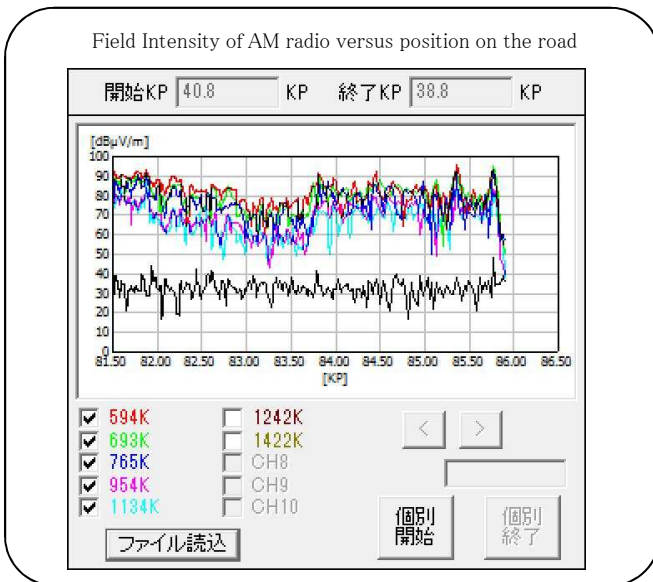

◇ Mobile Signal Analyzer offers the field intensity measurement on the road

[~*Application*~]

[~*Solution*~]

- Measured field intensity by the antenna and the signal analyzer can be displayed and stored on PC.
- By providing the speed meter pulse to external trigger input of MSA538, the measurement position can be obtained.
- MAS9501 software offers the field intensity graph and the mapping on the down-loaded map.

[~*System constitution & Price*~]

- Signal Analyzer [MSA538]
- Loop Antenna [MAN120]
- Field Intensity Measurement Software [MAS9501]
- SMA-SMA Cable 1.5m [MC303]
- Adapter [MA306]
